Creative Technology Nights (TechNights)

Free weekly workshops for middle school girls! Since 2005......

Mondays, 7:00-8:30pm
Spring Start Date: February 7th, 2011
Workshops in Gates 4301
Carnegie Mellon University

A program run by Carnegie Mellon’s Women@SCS. No reservations required - come to any or all sessions. We run this program because we think technology is cool, and girls can be great at it - we’ll show them how, and have fun doing it.
